

GeoTrust True BusinessID EV Certificate

No image

Product Name: GeoTrust True BusinessID EV Certificate
Manufacturer: GeoTrust
Model Number: -

Web sites secured with an EV certificate display a green address bar to demonstrate to customers they have reached a highly authenticated site when viewed with high security browsers. Microsoft Internet Explorer displays the green address bar and future releases of Firefox and Opera will also support this new feature. In addition to the green address bar, an adjoining field displays both the names of the organization that owns the Web site and the CA that issued the certificate, GeoTrust. These enhanced interface features are immediately visible and help assure customers they are on their intended Web site and not on a fraudulent site.

- Up to 256-bit encryption
- EV (Extended Validation) technology
- Identity verification via the green address bar
- Organization/GeoTrust names in high-security browsers
- Highest level of web site identity verification to foil phishing
- EV Upgrader technology enables EV visibility for Internet Explorer
- Increases customer confidence to maximize online sales potential
- Dynamic True Site Seal with company name date/time stamp
- Ubiquitous compatibility with 99+% of all browsers and most mobile browsers
- \$150,000 warranty

Price: \$725.00
